

The right move for your care

Hawthorn Grange is a care residence offering individually tailored support in a calm, welcoming home environment.

We prioritise personalised attention, continuity of staff, and the reassurance that comes from feeling known and valued.

Residents enjoy private rooms, flexible services and meaningful daily activities that support independence and well-being.

Supported care your way

At Hawthorn Grange, we make it easy to receive the care you deserve:

- No RADs, no DAPs, no lump sums — just one simple monthly fee.
- No government assessments are required, and we are here to guide you through each step.
- Together with you, your doctor and your family, we create a personalised care plan shaped around your needs, routines and preferences.

The right support for you

As a registered SRS, we provide individualised support within a regulated government framework that ensures safety and quality.

In partnership with **Iris Aged Care**, an approved Support at Home provider, we can deliver subsidised care services within the residence. You may be eligible for government-funded support to help reduce your care fees while maintaining high-quality, personalised care.

Respite stays welcome

If you or your family are exploring options, our respite service can be a gentle way to see whether Hawthorn Grange feels like the right fit. Speak with our care coordinator to learn more.

We are here to help

For more information about your options, please speak with our care coordinator.
